

SUSTAINABILITY POLICY

Hathor Hotels Concordia, is committed to caring for the environment.

In the search for continuous improvement we ensure compliance with the regulations for the proper functioning of the establishment, articulating environmental practices for the protection of biodiversity and cultural heritage, the care of resources, respecting the principles of sustainable tourism defined in the world charter of sustainable tourism +20.

In search of quality and continuous improvement, we promote good sustainable practices as follows:

- Comply with current regulations related to the environment, biodiversity, historical and cultural heritage.
- Reduce the environmental impact generated by our activity, through actions aimed at reducing pollution and the correct use of resources.
- Raise visitor awareness about the responsible use of resources and the impact of their actions, prioritizing the preservation of biodiversity and cultural heritage.
- Train and sensitize human resources generate commitment through proper communication, make them part of the implementation of good sustainable practices.
- Generate commercial ties with local suppliers promoting their development.
- Carry out a correct handling of waste.
- Evaluate the results and maintain sustainable management in search of minimizing the negative impact.
